

Revenue Cycle Management

Specialty practices are challenged with providing high-quality care while still maintaining a healthy business.

MedEvolve Revenue Cycle Management (RCM) will help your practice to decrease costs and increase margin to maximize your revenue performance. Our experienced consultants bring unmatched expertise to every initiative and every relationship, making us more than just a billing company — we are your comprehensive RCM partner.

Our concierge RCM services address the specific billing and collections needs of your specialty practice:

- Know exactly where your cash is coming from and collect faster with **automated payment processes**
- Follow-up on outstanding patient balances promptly and politely through our **U.S. based RCM experts**
- **Expedite the claims process** with comprehensive denial management services utilizing our proprietary Insurance Collections Module
- Align your practice's financial health with **industry standard performance benchmarks** established by MGMA
- Reduce the need for paper documents and decrease waste with **eStatements**
- **Count on timely deposits for payment posting** and secondary billing by having payments sent to your site or bank lockbox, or via EFT, where available
- All practices are different, so we **custom tailor a solution** that will work with your practice and your processes
- Get answers faster from your **dedicated MedEvolve RCM team** — familiar with your specialty, payors and patients and equipped to handle issues as extension of your team
- Validate your RCM Team's performance with **access to daily and monthly reports, data mining capabilities and mobile analytics**

Armed with the industry's most innovative technology, we're uniquely qualified to help you improve your revenue cycle performance so you can get back to focusing on your patients. That's why we've become the long-term partner of choice for high-performance specialty practices across the U.S. — practices just like yours.
